What's new in Daly City this week?

No one is waging any wars (not out in the open, anyway); there are relatively few bombings; and little or no agitation over the smashing of the atom. Still we find much to interest and amuse us in our own little world.

Encyclopedias, for instance. Who would have thought, one week ago today that Daly City was so soon to become encyclopedia-conscious? We predict a race of Super-Men and Super-Women with 15 volumes of the Standard American Encyclopedia available at every Daly City fingertip. See Page 5 for details. We don't want our enthusiasm to carry us away, but we predict that people will even learn how to spell "encyclopedia" before this is over.

Then there is chicken on toast at the Hilltop Lodge and corn on the cob at Pisa Market and rich fudge cake at Geneva Bakery. We admit frankly that this, to us, is absorbing news, carrying a warm personal message which we, for one, cannot resist.

And social events here make life a whirl of excitement for the more butterfly-minded. There will be a Royal Neighbors whist party tonight at Eagles hall; a home-cooked food sale tomorrow sponsored by Crocker PTA; and a benefit whist, Tuesday, for the juvenile drum corps. Free Technocracy lectures at Theatre hall will occupy all of next week. (Send your washing to New Process Laundry.)

All persons suffering from a "sweet-tooth" are advised to consult the nearest clerk at Farmers Market. Candy and gum are selling 3 for 10c; ice cream 20c a quart.

It's summer-time and the cotton fields are white (or are they?). Anyway, Westlake Market has ice-cold watermelon with (Continued on Page 7)

Daly City Theatre Makes Sensational Book Night Offer

William Smeltzer, manager, announced today that the Daly City theatre will make available the famous 15-volume Standard American encyclopedia to all patrons, (both men and women). Every Wednesday evening, starting June 19, will be Book Night and everyone is invited to participate.

"This is the most sensational gift offer in theatre history," Smeltzer said.

"We have made it so easy—so amazingly inexpensive to own this great reference set—that you will find it hard to believe when you see the books. What a thrill it will be to bring this fine encyclopedia into your own home; to give it to your family; to make it ever available to the growing minds of your children! Here are books in which you can take genuine pride—a real encyclopedia—one of America's great reference sets—that will serve you faithfully as a fine encyclopedia should. Never before was there an

Men Surpass Women?

The male of the human species is superior in intelligence to the female, according to Professor William Reuter, Westminster college psychologist. Reuter asserts, on the basis of tests, that it has been proved that woman rarely becomes successful through her own ability. Men have always beaten women in every field, even in their own domain of cooking and dressmaking, according to Reuter. He said the difference in innate intelligence between the sexes may be due to the fact that the masculine brain is larger.

offer like this. It's the first time in history that a reference set of this character has been within the reach of every family. Accept it now."

A special offer has been made to introduce Book Night and volume 1 will be given every evening during the period, Sunday June 9 to Tuesday, June 18. Full details of the double-value coupon are given on page 12 of the Daly City Record.

"We invite everyone to participate in Book Night," Smeltzer concluded. "Remember Wednesday of every week brings another volume of this up-to-date encyclopedia to you."

In Social Whirl

Portraying Mayfair's 1940 Glamour Girl is a busy enough career for eighteen-year-old Charlotte Manson, star of the CBS serial, "Society Girl," but that accounts for only part of her time. The social whirl also engulfs her in real life these days—and nights—what with the flood of invitations she's been receiving to be guest of honor at various functions around the country.

Towers of Silence

The tower of silence is the name applied to structures built by the Parsees for the disposal of their dead. They are towers about 40 feet high called dakhmas. Below the top of the wall is built a floor of iron grating and upon this the bodies are placed until by exposure to the elements and birds of prey the flesh is entirely removed from the bones and they fall into a pit below.

Boon To Summer Campers

Muriel Angelus, Hollywood film player, demonstrates the newly discovered method of keeping milk fresh for as long as three months. Above, left, she pours a layer of paraffin over the cardboard milk cap, shutting out all air. Center, she has fitted wax paper over the top of the bottle, fastening it to the neck with a rubber band. Right, once daily she removes it from the ice box in her automobile trailer and shakes it gently to mix the cream. Treated in this manner, and properly refrigerated, milk in glass bottles will remain sweet for as long as 90 days, according to dairy bacteriologists.

Baked Apple Fillings
Varied fillings for baked apples might be: brown sugar, jelly, jam, maple sugar, raisins, nuts, figs, prunes, dates, coconut, mince meat or sausage.

Milwaukee Screen Tests
Milwaukee motorists arrested on drunken driving charges get "screen tests." Defendants are required to walk a line four inches wide and 25 feet long painted on the floor of the sheriff's office, while a motion picture records the action.

Underground Hospital
An underground hospital, at Ramsgate, England, the first in that country, is being dug out of rock chalk 90 feet below ground, immediately below the present Ramsgate general hospital. It will include a general ward 550 feet long, containing 200 beds.

Agricultural Note
Vetches producing from two to three tons of dry plants per acre would add from 150 to 200 pounds of nitrogen to the soil if turned under.

For Monthly Whist

Daly City Juvenile Drum corps will continue their series of successful monthly whists with another benefit card event Tuesday evening, June 11.

Playing begins at 8:30 p. m. at Theatre hall. Proceeds will be used to purchase drums for the youthful drum corps.

There will be a cash prize and two door prizes in addition to other awards. The public is cordially invited.

Crocker P. T. A.
Plans Food Sale

To help deserving students finance their college education, the Life Membership committee of Crocker PTA will sponsor a home-cooked food sale at Milo's Market, Saturday.

Proceeds will be used to increase the student aid fund, explained Mrs. Olga Bordson, Life Membership chairman. "The cause deserves the support of every parent," she said.

The sale will start at 10 a. m., and will feature many varieties of delicious home-cooked foods.

First Hospital Chair
According to the minutes of the Pennsylvania hospital for September 23, 1788, Thomas Afflick, by many considered the superior of Philadelphia's famous cabinetmaker William Savery, presented the hospital with a curious mahogany chair for the easy removal of sick patients. The chair was valued at 12 pounds.

TECHNOCRACY Presents Free Lectures Here

TECHNOCRACY brings to the people of Daly City and vicinity a series of five free lectures, given by authorized speakers at the Daly City Theatre hall. The series will start Monday, June 10, and continue on consecutive nights through Friday, June 14, at 8 p. m.

According to Reo W. McCaslin, director of the San Francisco section, "Technocracy is not out to smash anything. It knows thoroughly well that this Price System is smashing itself. Before that happens, Technocracy, with your help, stands ready and able to save this continent from ruin, and stands ready to institute a balanced production and distribution of all goods and services commensurate with the available energy and resources of the continent."

"Technocracy shows how the high-energy civilization of this continent today has made a Price System unworkable, and that the only system that is workable is functional control and direct and equal distribution—without a price."

"Technocracy Inc. has nothing to sell, and is not out for your vote. It is merely giving you the facts of a dangerous situation."

"Nor, in this article, is it attempting any proofs. Proofs there are, and striking and overwhelming ones, but to have them you will have to get in touch with your Technocratic friends."

"Of course, if enough of us understood the inevitability of Technocracy and were prepared to act, we could have it right now, without having to wait and go through the hell that may otherwise check the evolutionary struggle of mankind to reach the much-to-be-desired state of peace."

DESIGNED FOR 'COOLTH'—the opposite of warmth—is this comfortable, light-weight ensemble worn by Elaine Kent, C B S radio star, and created by Helen Cookman. The suit is of the new non-crushable summer fabric, in modest beige; the hat, in patriotic colors, is equipped with a "freckle protector"—an indigo veil finished with grosgrain ribbon trim.

security, leisure, and plenty that is now within our grasp," McCaslin concluded.

Daly City's fast growing group invites all wide-awake citizens, who demand a positive patriotism for a healthy America, to come to every one of these lectures starting Monday night, June 10, at 8 p. m. and begin an investigation of the facts presented by Technocracy.

Reversed Bill of Fare
At formal Japanese dinners, sweets are served first, and sour pickles last.

Seventeenth Century Employers
Believing that it was necessary to threaten employees with hunger in order to get more work from them, Dutch and English economic literature in the Seventeenth century stressed the necessity of lowering wages to the minimal level of subsistence, says a study of The Evolution of the Classical-Wage Theory, issued by the Columbia University Press.

First Use of Thimbles
Thimbles are said to have been found at Herculaneum and were used by the Chinese at a very early period. Their invention in Europe is traditionally ascribed to Nicholas van Besschenot of Amsterdam in the Seventeenth century.

Bullet's Ineffectiveness
The ineffectiveness of bullets shot into water is the result of the absorption of energy by the water. The amount that a lead bullet will flatten on impact with water varies with the striking velocity, the hardness of the lead and the angle of impact.

U. S. Foreign Trade
America's exports of finished goods have increased fourfold since 1893, while exports of crude materials have been at 71 per cent, a compilation by the New York Journal of Commerce shows. At the same time imports of finished goods dropped 64 per cent, and imports of crude materials increased 4½ times.

Titanic's Memorial
On the banks of the Potomac river in Washington, D. C., stands the Titanic memorial, sculptured by Gertrude Vanderbilt Whitney, in tribute to the men who responded with their lives to the cry of "Women and children first" on board the sinking Titanic. It was donated in 1927 by the Women's Titanic Memorial association.

Television 'Make-Up'
Actors' make-up has changed constantly since the inception of television. About 1930 the actors painted their faces white and their lips black, but the present make-up is very similar to that used in the movies.

THE EDISON FAMILY IN "YOUNG TOM EDISON"

Here is the family of "Young Tom Edison," as shown in the biographical drama of that title, opening Sunday on the Daily City theatre screen. From left to right are Virginia Weidler as Tannie Edison, George Bancroft as Samuel Edison, Fay Bainter as Mrs. Edison, and Mickey Rooney as Young Tom himself. In this scene the family are gathered around the parlor for a rendition of "Genevieve, Sweet Genevieve." "Castle on the Hudson" is the companion feature.

Vacation Time's For Mother, Too!

Ronnie, home from junior college

takes a Ph. D. for excellence in mending socks and sweaters.

Whist, the youngest two on skates aspire to make a mountainous pile of dirty frocks and jumpers.

And Pienies! Yes, they're fun—if one ignores the heap of grass-stained play-clothes and blackened tablecloths.

Even father, patient soul, cavorts with Bill and Sue and turns in six shirts instead of two.

But vacation's still for mother... she sends that laundry right to us and forgets the grief and worry.

Weatherbeaten Woodwork
A method by which an old weatherbeaten effect can be achieved on new knotty pine woodwork has been devised by paint authorities. Paint experts advise the sponging of the surface with a fairly strong solution of ammonia or soda. If a dark finish is desired, make a stain of raw umber thinned with turpentine and add enough varnish to bind it. Prepared varnish stains are available for this purpose if preferred. A thin coat of reduced shellac or dull varnish may then be applied, followed by a coating of wax.

Royal Neighbors Plan Huge Whist

Vista Grande Camp No. 6035, Royal Neighbors of America, have assembled an unusually large array of attractive prizes for a huge whist party, this evening, at Eagles hall.

Playing will begin at 8:30 p. m. Many lovely pieces of hand-embroidery and a cash first prize are included among the evening's awards.

Mrs. Grace Coolidge, chairman, cordially invites the public to attend.

Chocolate Nougat Pie

wins on every count!

That's the verdict on this "candy pie" with its flaky, tender pastry

It's literally a honey, this candy pie! The meringue is sweetened with honey and decorated with almonds. Underneath the nougat-meringue is a smooth, rich chocolate filling—the kind that simply melts in your mouth. If your family is fond of chocolate pie, just wait until they taste this one!

Equally delicious is the flaky, tender pie shell—pastry such as you've always dreamed of making! Difficult? Not at all if you use triple-creamed Spry. This vegetable shortening is so smooth and creamy it blends with the flour like magic. You'll want to use this recipe for all your pies.

Chocolate Nougat Pie

2 ounces chocolate, cut in pieces
2 cups milk
1 cup sugar
2 tablespoons cornstarch
2 tablespoons flour
1/2 teaspoon salt
2 egg yolks, slightly beaten

1 tablespoon butter
1 teaspoon vanilla
1 baked Spry Pie Shell
2 egg whites, stiffly beaten
1/2 cup honey
1/2 cup almonds, blanched and sliced

Melt chocolate in milk in double boiler and blend with rotary egg beater.

Combine sugar, cornstarch, flour and salt and mix thoroughly. Pour on chocolate mixture gradually, stirring constantly. Return to double boiler and cook until smooth.

and thick, then cook 15 minutes longer, stirring occasionally.

Stir a small amount of mixture into beaten egg yolks, return to double boiler, and cook a few minutes longer. Add butter and vanilla. Cool. Pour into baked pie shell.

Beat egg whites until they hold a stiff peak. Add honey gradually, beating constantly. Pile lightly on filling in baked pie shell.

Sprinkle almonds over meringue or decorate as in photograph. Bake in slow oven (325°F.) 30 minutes, or until firm and delicately browned.

Spry Pie Shell

1 1/2 cups sifted all-purpose flour
1/4 teaspoon salt
1 tablespoon Spry
3 tablespoons cold water (about)

Sift flour and salt together. Add 3/4 of Spry and cut in until mixture is as fine as meal. Add remaining Spry and continue cutting until particles are size of a navy bean. Sprinkle water gradually over mixture. With a fork, work lightly together until a dough is formed. Roll dough 1/4-inch thick and prick with a fork. Place dough in pan and let relax 5 minutes. Pat with ball of dough to fit pastry into pan. Trim pastry 1-inch larger than pan and turn back edge. Flute rim. Bake in very hot oven (450°F.) 12 to 15 minutes. (All measurements in these recipes are level.)

Milton, Wash., has adopted a budget for the next year that contains no local tax levies. The town will operate on liquor and highway funds allocated by the state.

Tough Montana Hombre

When an unknown but tough "hombre" dropped a nickel in the telephone of a drug store at Butte, Mont., and got the wrong number, he promptly drew out his six-shooter and blasted away at the mouthpiece.

Freak Hunting Death

Harold Strain, Gold Beach, Ore., 16-year-old hunter, was killed by a bullet that had passed through and killed a deer. Strain was standing in the line of fire when his hunting partner, not knowing he was there, fired the fatal shot.

British White Paper
The official reports or communiqués issued by the British government periodically are known as Blue Books. Occasional reports, which usually are not so extensive, are called White Papers.

As About Face
Washington county, Alabama, voted for state-controlled liquor in a referendum two years ago by a count of 600 to 447. Now it has voted to do away with liquor by a vote of 744 to 201.

Poodle's Mouther
A small poodle probably has the longest and most cryptic name of any dog in Boston. A woman brought the pup into a police station to get a license for "Joy Barker-Snozzle Drop-Kelley."

• And down at Lucca Ravioli company is a superb Soap sale featuring everything from A to Z. Here's a real opportunity knocking on the door.

• "Young Tom Edison" opens Sunday at the Daly City theatre; Colma Pioneer Grocery announces specials on rabbit and chicken feed; Stan's Standard Service will

make your old car (or your new one) tick like a charm.

• Byrne Radio Store makes things tick like a charm, too—refrigerators, washers, ironers. And speaking of charm, why not have some for breakfast—crisp fried ham from Robertson's Egg Store and a fluffy yellow omelette?

• These are the things that make life interesting. And what is more fun than dashing around with a candid camera catching people off guard? They're off spec-

ial at Edwards Drug Store this week (cameras). And to ease their feelings (the people's) one can always offer them a glass of sparkling burgundy from Casentini's Jefferson Market. In fact, even if their feelings aren't hurt.

• Daly City's airtight-lined cleaning establishment—Reeson's—is another place that fascinates us. And the colorful arrays of fresh berries at the Daly City Cut Rate Market make us almost fall over our feet looking at them. The berries, we mean. Shortcakes,

Rib Roast of Beef With Yorkshire Pudding

Choose a 2 or 3 standing rib roast of beef. Place it fat side up in an open roasting pan. Season with salt and pepper. Do not cover. Do not add water. Insert a meat thermometer so that the bulb reaches the center of the thickest part. Put in a slow oven (300° F.) and roast until desired degree of doneness is reached. The thermometer will register 140° F. for a rare, 160° F. for a medium, and 170° F. for a well-done roast. Allow 18 to 20 minutes per pound for cooking a rare roast, 22 to 25 minutes per pound for a medium, and 27 to 30 minutes per pound for a well-done roast.

Yorkshire Pudding

1 cup flour
1 teaspoon salt
1 cup milk
2 eggs
2 tablespoons beef drippings

Sift flour, measure and mix with salt. Add milk gradually, stirring to form a smooth paste. Add eggs which have been beaten until light. Place drippings in a 6x9-inch pan and pour in batter. Bake in a moderately hot oven (400° F.) for thirty to forty minutes. Cut in squares and serve around roast of beef.
